Pat Tern loves riding along the NOVA Loop Trail and has created this puzzle for you. Identify the items and put them in four groups of four. Add up the sum of each group and convert them to letters using the code A=1...Z=26. Arrange the letters in order from smallest sum to greatest to get your answer. Enter the answer to get the clue location. Go there to find a clue for the meta-puzzle. When riding on the trail, be sure to plan your route to maximize the fun.
