El Segundo Puzzle Hunt

4

Pat Tern loves to find connections between things. One of their favorite colors is red and they designed this puzzle for you. To solve, put these red items in four groups of four. Add up the totals in each group to help you get the answer. Convert the numbers to letters using the code A=1…Z=26. Enter the answer for this puzzle's clue location. Go there to get a clue for and save it for the final puzzle.
