

Sue Doku

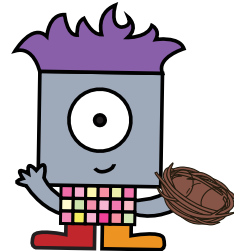

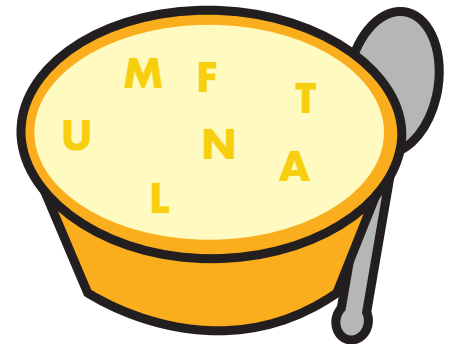

Fill in the empty squares with the fall shapes. Each shape can be used only once per column, row, and block.

What words can you find using the letters in AUTUMN and FALL?

Ana Gram

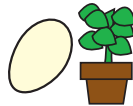

Mo Zaic

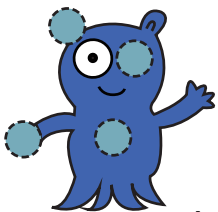

Each bird and squirrel needs a nest next to, above it, or below it, but not diagonally. The numbers tell you how many nests are in each row or column. There can't be two nests next to each other, even diagonally. Read the letters that get covered by nests to discover the answer.

Fill in the blanks to reveal your final answer.

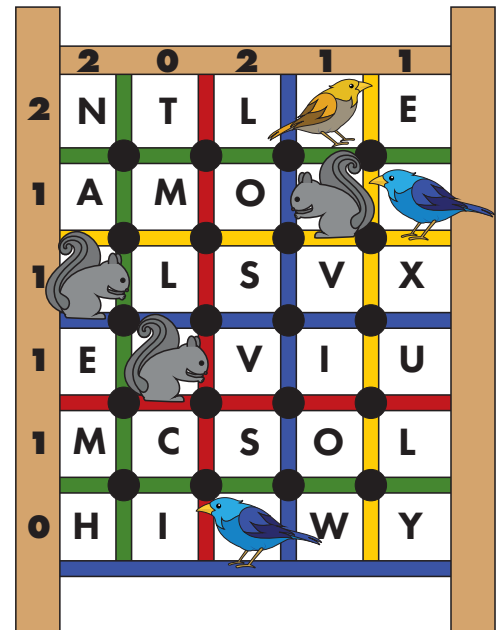

A
