

NOVA Loop Trail Puzzle Hunt

2

Mo Zaic and his pals are going to visit the railroad museum nearby. They created this puzzle for you to solve. Fill in the parts of the trains starting at the engines and working towards the cabooses. The numbers outside the grid show how many parts in each row and column are used. Figure out the order of the letters formed by the filled in parts. Enter the answer to find a clue location. Go there to get a clue and keep track of it for the final puzzle.
