

Fairfax County Public Schools Puzzle Hunt

1

Phil N. TheBlank and his pals are excited about the puzzle hunt. They created this puzzle at the end of school for you. To solve, fill in the letters for each egg to spell "BEAK", "WING", and "TAIL". One letter per row and one letter per column. The greater than symbols need to apply. When two letters are joined by a greater than symbol, the one that comes later in the alphabet must be on the "greater" side. (For example, B>A.) Enter the answer on www.solvingfun.com/fairfax. A correct answer will tell you where to find a clue. Get all the clues from this region's puzzles to put together for a meta-puzzle.

Pat Tern and their pals are meeting up to skateboard at their school. They planned their routes paying close attention to street signs along the way. To solve the puzzle, put the streets in four groups of four and add up the addresses in each group. Convert the sum numbers to letters using the code A=1...Z=26. Anagram the letters to get your answer. Enter the answer to get this puzzle's clue location. Go there to find a clue for the region's meta-puzzle. When skateboarding, be sure to wear a helmet that fits.

Helmet Check

Do the 2-2-2 test to check for a good fit:

- 2 fingers above your eyebrows for the front part of your helmet.
- 2 fingers for the straps to make a "V" underneath your ears.
- 2 fingers between the chin strap and your chin.

Sue Doku and her pals met up this weekend at their school playground. Sue brought sidewalk chalk and created these for you. In each of the three puzzles below, use the images provided. Fill in the missing squares so that each row, column, and bolded region has one of each image. Use the first letter of each circled image to get this puzzle's answer. When outside, wear sunscreen to stay protected.
