

Fairfax County Public Schools Puzzle Hunt

1

Ken Ken and his pals are excited about this year's puzzle hunt. Solve the puzzles and enter the answers at www.solvingfun.com/fairfax to get the clue locations. Go to each location to find a clue for the region's meta-puzzle. To solve the puzzle below fill in each square with the numbers 1, 2, 3, or 4 or 1, 2, or 3 on the smaller grid. Use each number once in each row and column. The small numbers in the upper left corner of each "block" (region with heavy lines) is your "target" number. The symbol is which operation to use in that block. Second, place the numbers in the matching symbols below. Third, convert the numbers to letters. Use the cipher A=1, B=2...Z=26.
